***Dear Friends,***

*Reflecting on my time here at KCC leaves me with feelings of great gratitude and joy.*

*This congregation is blessed with committed and talented lay leaders who freely share their time and gifts with the church and in the wider community.*

*Ministry is always a partnership. All that has been accomplished in the last two and a half years grows out of shared gifts, vision, energy and faith.*

*Many of you committed to bible study and adult education. Thank you for being faithful to the study and keeping covenant. We have learned much together and I count it all joy.*

*Savoring our final days together, I am gratefully....Pastor Pat*
